NATIONAL SERVICE SCHEME (NSS)

REPORT OF ACTIVITIES CONDUCTED

2018-19

The National Service Scheme (NSS) is an Indian government-sponsored flagship for public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year in 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges and Universities. In session 2018-19, NSS unit of college has registered 100 students from different classes and category as per the letter (Ref. No.: NSS/2018-19/58 dated on 25.09.2018) and guidelines received from Vice Chancellor and President of National Service Scheme of Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur. The list of 100 students along with details like E-mail and mobile numbers of registered students submitted to university via mail to nsscellrtmnu@gmail.com. Further, National Service Scheme (NSS) Advisory Committee was constituted to monitor National Service Scheme(NSS)

BLOOD DONATION CAMP

Human blood is an essential element of human life with no substitute. Voluntary blood donors are the cornerstone of a safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations. Blood donors in India, as across the globe, are of three types; voluntary donors, replacement donors and professional donors. Most donations are as a result of replacement donations, which are non-remunerated donations, provided by the relatives of patients. The success of blood donation camp depends on people who organize the camp and blood bank team.

The National Service Scheme (NSS) unit of Institute of Pharmaceutical Education and Research, Borgaon(Meghe), Wardha organized blood donation and blood group detection camp on 1st Jan, 2019 at 10.30 am on account of New Year celebration. A team of expert from Jawaharlal Nehru Medical College, Sawangi(Meghe), Wardha visited to institute. Student volunteers of NSS and the other students and teachers actively participate in this program. The 34 students of the institute donate blood on the occasion.

YOGA DAY

The International Day of Yoga has been celebrated annually on 21 June since 2015, following its inception in the United Nations General Assembly in 2014.

Yoga is a physical, mental and spiritual practice which originated in India.

The Indian Prime Minister, Narendra Modi, in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

NSS unit of IPER along with teaching and nonteaching staff organized Yoga Day dated on 21st June 2018 at 4.00 pm in the open air theatre of the institute.

Yoga guru Shri. Damodarji Raut and Shrimati. Pranita Gulhane, Dist. In-charge of Patanjali guided the students. About 207 students of participated in Yoga Day program. The online data and photographs for the same submitted to government websites.

TREE PLANTATION

Every man need the oxygen for their life and Trees are the foremost source of oxygen as well trees helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important today's aspects.

The National Service Scheme (NSS) Unit of Institute of Pharmaceutical Education and Wardha organized "Tree Plantation" programme on 16th July 2018 in the college premises. It was attended by Dr. R. O. Ganjiwale, Principal; Dr. N. A. Karande, NSS Programme Coordinator; and 120 student volunteers. Under the Guidance of Asst. Prof. Dr. N. A. Karande, NSS Program Coordinator, NSS volunteers planted trees. The students also placed bricks as barricades and each student took the responsibility to nourish and maintain the allocated plant. Eventually, the ground attained a glorious look. The committee decided to proceed with the same inspiration, enthusiasm and zeal to enhance the beauty of the college campus.

POSTER COMPETITION ON TOPIC “AWARENESS ON SCRUB TYPHUS”

Scrub typhus is a mite-borne infection caused by *Orientia tsutsugamushi*. The disease is transmitted to humans through the bites of larvae of different species of trombiculid mites, appearing commonly in the autumn season. Rodents provide a disease reservoir whereas mites act as a reservoir and a disease vector. Clinical features at presentation range from non-specific flu-like symptoms such as fever, rash, an eschar at the bite site, headache, myalgia, and cough to severe systemic, life-threatening conditions involving the lungs, heart, liver, skin, central nervous system, and gastrointestinal tract. Furthermore, it has been reported that inappropriately or untreated scrub typhus has a mortality rate of at least 30%.

The National Service Scheme (NSS) unit of Institute of Pharmaceutical Education and Research, Borgaon(Meghe), Wardha organized Poster competition on topic “Awareness on Scrub Typhus” was organized on 25th September 2018. About 50 students of B. Pharm participated in Poster Competition.
